

Zorro, my faithful, loyal companion and truly a best pal of almost 14 years, Canine Emeritus of 910 South Michigan and the South Loop Community, left this earth and went to his eternal rest and reward peacefully from his home at 5:50 P.M. on Monday, April 4, 2011. Zorro, an American Pitbull Terrier Mix, a resident of 910 for 12 years, was an exemplary ambassador for all of the bully breed dogs. He embodied through his gentle, kind, accepting of everybody temperament the true qualities of the bully breed dogs those being loyal, gentle, lovable and trustworthy. Zorro, and other dogs like him were, at one time, America's family pets and because they were so good with children were known as the nanny dog. Zorro was a founding member of the South Loop Dog Pac and helped bring about the creation of Grant Bark Park. He was very well known to Kriser's Pet Store customers and their pets having worked there for about two years. The store's clients loved him as did Kriser's Staff and always gave him lots of attention and, of course, treats. Going to work at Kriser's was one of his very favorite things in life. However, his very most favorite thing to do was to go and lie on the apron of the General Logan Statue in Grant Park. He would stay there all day summer or winter. Zorro was so kind and gentle and so full of love. He gave great comfort to all of those whose lives he touched, child, adult or animal. He will be sorely missed by all who knew and loved him.

I love you Zorro and you love me. You asked so little and gave so much. So sincere, so gentle, so full of love. You gave me much comfort. Throughout the many years we two were together you taught me a lot about love, compassion and friendship. I will remember you Zorro and keep you in my heart forever.

In the rising of the sun and in its going down, I will remember you.
 In the blowing of the wind and in the chill of winter, I will remember you.
 In the warmth of the sun and the peace of summer, I will remember you.
 In the rustling of the leaves and the beauty of autumn, I will remember you.
 In the beginning of the year and when it ends, I will remember you.
 When I am weary and in need of strength, I will remember you.
 When I am lost and sick at heart, I will remember you.
 When I have joy I yearn to share, I will remember you.
 So long as I live, you too shall live, as I remember you.

You are now and forevermore free of pain so rest in peace Zorro my best friend until we meet again.
 Love you always,
 Bob
